## India Still Diffident At Mobilizing On Side of the Allies

### AIR ACTIVITY IN RUSSIA IS INTENSIFIED

#### Berlin Admits Soviet Break-Through as Hitler Throws Clouds of Bombers Into Struggle

#### HUNDREDS ARE DOWNED

By the Associated Press

Russia's armies have broken into German lines southeast of Lake Pyen on the bloody Staraya Russa battlefield, the Berlin radio acknowledged today, while Soviet dispatches indicated that Adolf Hitler now was throwing clouds of warplanes into the struggle as a prelude to the Nazi spring offensive.

Red army dispatches said the intensified aerial assault cost the Germans 415 planes in eight days, with Soviet losses held to 84. On Sunday alone, dispatches said, Russian fighters and gunners destroyed 119 German aircraft in heavy combat and attacks on Nazi airbases.

A Berlin broadcast said strong, tank-led Russian forces smashed into Nazi positions in the Lake Ilmen sector, where remnants of the German 16th army have been trapped for many weeks, but declared that the Germans had "adjusted" their lines after heavy bayonet fighting.

A bulletin from Hitler's field headquarters conceded that the Russians were pressing attacks on several sectors of the long, wavering front, but asserted that their own offensive operations would further successes.

The high command said 69 Soviet planes were shot down or destroyed on the ground yesterday.

DNE, the official German news agency, quoted Nazi general staff (Turn to Page Seven)

#### SURVIVOR OF PEARL HARBOR LOST IN JAVA

Nanticoke, April 7.—(P)—Daniel Leinthal of Nanticoke, who survived the December 7 attack on Pearl Harbor, has been reported missing in the sinking of the aircraft tender Langley in the battle of Java.

Leinthal was on the Pennsylvania when the Japanese opened their attack against Hawaii, but was brought ashore safely amid a hail of bombs.

The young seaman later was transferred to the Langley as second class fireman. He enlisted in the navy in October, 1940.

#### Vessel Saved After Shelling

Mobile, Ala., April 7.—(P)—Shelled for more than two hours and then torpedoed by an enemy submarine in the Caribbean, a Panamanian vessel was reboarded by her crew the next day and brought safely to port here.

Survivors' accounts of the March shelling, which cost the lives of Captain James Stewart, First Mate Lawrence and six others of the 50 crew members, were released by the navy department yesterday.

Adrift for hours in three life rafts and the only life boat that was not wrecked by the firing, they were rescued by a U. S. minesweeper. Some of them returned to the scene the next day and on finding the vessel still afloat, managed to bring it into port.

Other survivors, 19 of them badly wounded, were rushed to an undisclosed Caribbean port for trans-shipment here.

(At New Orleans, the Eighth Naval District headquarters announced that the Panamanian ship was one of three vessels attacked by enemy submarines in March.)

## WAR BULLETINS

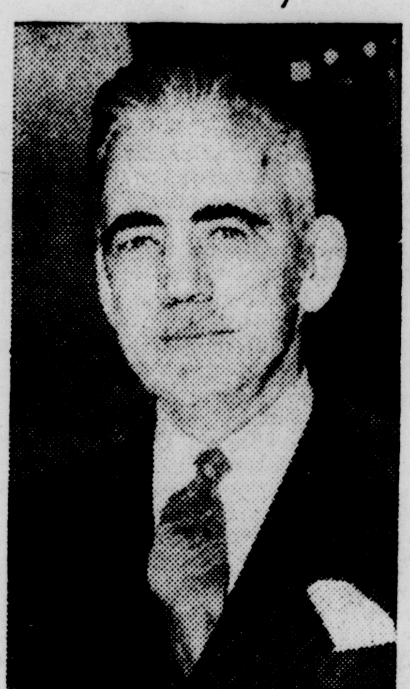

Tokyo (From Japanese Broadcasts) April 7.—(P)—Imperial headquarters announced today that the whole of The Netherlands East Indies island of Sumatra came under Japanese control March 27, when the commander of the Dutch forces on the island surrendered at Koetaradja, a strategic port in northern Sumatra.

Chungking, China, April 7.—(P)—Thirteen Japanese transports and six warships have been sighted off Amoy, on the south coast of China, a military spokesman here declared today. Three Japanese divisions are concentrated on Japanese Formosa island, but their destination has not been ascertained, the spokesman said.

Cairo, April 7.—(P)—The British general headquarters communiqué on the Libyan front said today only: "Patrol activity continued throughout the day yesterday. There was nothing else to report."

## Many Civilian Industries To Be Curtailed

Production of Most Consumer Articles to Halt May 31

### NEW ORDERS COMING

Washington, April 7.—(P)—Production of most consumer durable goods will be stopped by May 31, Donald M. Nelson, War Production head, disclosed today.

Declaring that "history will record whether we have moved too fast or too slow" in the drive to curtail civilian industries and convert them to war production, Nelson said the high point of the program would be reached in a few days with issuance of orders halting most private building construction and prohibiting use of iron and steel in hundreds of items.

The goal of the program is a "sound but lean civilian economy," Nelson declared, adding that no one yet knew how "lean" it can be but that it will "get leaner and leaner as the war program goes on."

"We're taking away from the people things which make the standard of living," Nelson said in his discussion of the changes at a press conference, but "this is the way of total all-out war and the price of early victory."

#### FREIGHTERS AGROUND

Sault Ste. Marie, Mich., April 7.—(P)—Tugs worked today to free three freighters aground in Whitefish bay north of the Soo locks.

#### BANKER DIES

Lebanon, April 7.—(P)—D. J. Leopold, a prominent banker and former president of the Pennsylvania State Bankers Association, died today. He was 74.

## Jap Advances Slowed Up By Allied Airmen

BY JOHN M. HIGHTOWER

Washington, April 7.—(P)—The lightning has gone out of Japan's lightning war after four months of spectacular advances, military men agreed today.

They expect further enemy gains and possibly such a bold new stroke as an attack on Siberia. But concentrations of Allied air power in Australia, and India have stemmed the main Japanese onrush.

Here is the view of military and naval men as the war enters its fifth month:

The United Nations are approaching, if they have not actually attained, numerical airplane equality with Japan in the Australia and Burma-India theatres.

This was shown March 11 in the smashing of the first big invasion thrust at Australia before it could even get under way from New Guinea. It was shown against last (Turn to Page Seven)

#### WAGE TAX RESTRICTED BY FEDERAL WORKERS

Philadelphia, April 7.—(P)—Federal workers resisting the city's one and one-half per cent wage tax carried their fight to the state supreme court today.

Counsel for a group of federal employees—approximately 80,000 residents and non-residents hold government jobs here—filed a petition asking the court to hear an appeal from a superior court ruling upholding the city's right to collect the tax on their incomes.

City ordinances require employers to deduct the tax from employees' wages. The government has never done so.

## PROVISIONS OF SABOTAGE BILL ALTERED

Rewritten Version of Senate Measure Comes Up For Final Action in The House

### MAY ADJOURN FRIDAY

BULLETIN  
Harrisburg, April 7.—(P)—The house rules committee today fixed Friday at 4 p. m. for final adjournment of the special legislative session which first convened Feb. 17.

Harrisburg, April 7.—(P)—A rewritten version of a senate bill to tighten the state's control over sabotage came up in the house today for final action as leaders of the general assembly fixed Friday as the likely date for final adjournment of the special session.

One of the keynotes in Governor James' 17-point program, the anti-sabotage measure provided for a \$10,000 fine and up to 10 years imprisonment for intentionally defective workmanship on defense orders or damage to property essential to the war effort.

Some provisions, objectionable to labor, were taken out in the house and the bill was reworded to conform to the federal act of 1918.

As both branches quit until 2 p. m. today, Democratic house and Republican senate made a new effort to agree on higher benefits for the unemployed in Pennsylvania.

The senate-approved bill raising minimum unemployment compensation payments from \$7.50 to \$8 and maximum from \$15 to \$16 was placed in position for house amendments. The plan then was to pass the bill and return it to the senate for concurrence.

The bill would also cut the waiting period from 16 to 13 weeks with the payments to be spread over 16 instead of 13 weeks.

Both branches had passed their own bills. Conferences to settle differences abruptly broke down last week, but were renewed on the plea of labor representatives.

After much debate last night the house passed 161 to 5 a bill suspending until two years after the war the four-mill state tax on personal property. The bill was sent to the senate where leaders said it would be killed.

Bringing up again the matter of a new parole system scheduled to go into effect June 1, Governor James asked the house to reconsider (Turn to Page Seven)

#### REAR ADMIRAL FISKE DIES IN NEW YORK

New York, April 7.—(P)—Rear Admiral Bradley Allen Fiske, 87, retired naval officer whose heroism on the seas was second only to his genius for inventing efficiency devices for the warships that sailed there, died last night.

He invented, among other things, the aerial torpedo, the radio-guided torpedo, the electrically-actuated gun turret, an electric range-finder, an electric ammunition hoist.

Planes, he said as long as 10 years ago, would be invaluable in protecting the Philippines, whose vulnerability he often had proclaimed.

#### TOWBOAT DESTROYED AT EAST LIVERPOOL

East Liverpool, O., April 7.—(P)—The Diesel-powered towboat Smoky City, owned by the Zudic Transportation Company of Pittsburgh, burned to the water line today while bound for New Martinsville, W. Va., to load coal.

Capt. Charles Fairfield of Pittsburgh estimated the \$200,000 approximate cost of the 75-foot wooden stern-wheeler when built 17 years ago. None of the three-man crew was injured.

#### STRIKE SETTLED

Fall River, Mass., April 7.—(P)—An army of 18,000 cotton textile workers headed back to work in this city's mills today after settlement of a two-week walkout by 1,500 members of the American Federation of Textile Operatives, an independent union.

#### CAR RATIONING IS SCORED BY DEALERS

Buffalo, N. Y., April 7.—(P)—Automobile dealers of western New York and northern Pennsylvania are on record today in protest against what they termed "contrary orders" issued in the rationing program.

The dealers stated in a resolution adopted at a meeting here that because of sale restrictions "hundreds of thousands of automobiles are now stored in inadequate warehouses, open lots and fields. These automobiles which could supply needed transportation are being unnecessarily subjected to wasteful deterioration."

About 400 dealers attended the meeting yesterday, sponsored by the Buffalo Automotive Trade Association.

#### Maine Beds Are Being Used in Three Shifts

South Portland, Me., April 7.—(P)—The system is tough on bedclothes but it's helping to ease the shortage of sleeping quarters in this defense-boomed city.

A shipyard worker reported that he retired from his night shift job to find another worker leaving his room for the early day shift. The landlady made over the bed and he hopped in.

He had hardly finished his own slumber when he made way for a third tenant.

## Plans Progressing For "Three-in-One" Victory Parade on Evening of April 15

Surprising progress is being made in the plans for Warren's colossal "Three-in-One" Victory parade to be held next Wednesday evening, April 15, at 7:15 o'clock, according to reports made to the committee in charge at a meeting held in the office of the Chamber of Commerce Monday afternoon at five o'clock.

The purpose of the celebration is to mark the launching of the "Pledge for Victory" campaign in the county, the forthcoming salvage collection drive, as well as commemorating Army Day, which was observed throughout the nation yesterday.

Assurances have already been received that Warren's four fine musical organizations, the high school, Struthers-Weiss, Veterans of Foreign Wars and Salvation Army bands will be in the line.

Contracts have been made with school officials in Russell, Youngsville and Sheffield, with some assurances that bands from those places may be in Warren for the occasion.

Those in charge emphasize the fact that every organization in the

## Apprehension About Vichy Is Mounting

Reappearance of Laval in Petain Government is Called "Ominous"

### FLEET IS BIG ISSUE

BY DREW MIDDLETON

London, April 7.—(P)—Apprehension over the part the Vichy government will play in the momentous events of this year is growing here in view of the emergence of Pierre Laval from the shadows, the transfer of the French battleship Dunkerque from Algiers to Toulon and the outstanding strategic importance of Madagascar in the struggle for control of the Indian Ocean.

The reappearance of Laval, former vice premier in the Petain government at Vichy, was called "ominous" by qualified sources. It was asserted the Germans had chosen him to press Vichy for the surrender of all or part of the French fleet to German control.

Laval's hand was said to be strengthened by a growing agitation in the German army for direct control of all France by the Germans.

Chief of State Petain and Laval conferred recently and an official announcement indicated they had reviewed the question of collaboration with Germany. However, advisers reaching foreign diplomats in Switzerland said Petain had declined to take Laval back into his cabinet, from which Laval was ousted in December, 1940.

At the worst, Britons say, Germany will assume control of the French fleet through pressure on (Turn to Page Seven)

## Australians Say Japs Slay Their Captives in Cold Blood

With Hands Tied Behind Backs Men Are Bayonnetted to Death

### OTHERS ARE WARNED

Sydney, Australia, April 7.—(P)—Charges that the Japanese killed their captives in cold blood on the islands of New Guinea and New Britain were made today in a statement issued officially at Port Moresby.

The statement told the story of three Australian servicemen who said they were the only survivors of one group of 10 officers and men who were trapped on New Britain after the fall of Rabaul.

The others, with their hands tied behind their backs, were shot or bayonneted to death after they were captured by a landing party from a Japanese destroyer, it stated.

Leaflets scattered from Japanese planes had warned that any who did not surrender would be killed.

Each captured Australian officer was handed a revolver and one bullet and was ordered to commit suicide, the statement said.

One of the men who escaped shamed death when a Japanese officer went among the fallen bodies to finish off the wounded.

The three survivors said they wandered, bleeding from their wounds and numb from the horrors they had seen, for several days with their hands bound behind them before they were rescued. (How they escaped was unexplained.)

"Equality of Sacrifice" Program Adopted at War Conference

### RIGID PRICE FIXING

BULLETIN  
Detroit, April 7.—(P)—President Roosevelt, in a letter read to a special war conference of the United Automobile Workers (CIO) here today, stated the government's intention "to re-negotiate contracts with the employers wherever necessary to ensure that the savings from the relinquishment of double or premium time go not to the employer but to the nation."

#### TWO PENNSYLVANIANS DIE IN PLANE CRASH

Tucson, Ariz., April 7.—(P)—Five officers and enlisted men, including two Pennsylvanians, were killed yesterday when a big U. S. army bomber crashed in flames on the desert 22 miles southeast of here.

The dead included: Private Herman W. Dunn, Millintown, Pa.; Private Emerson L. Wallace, Philadelphia, Pa.

Marguerite Shoemaker and Fidel Rhodes, said that two men bailed out at low altitude and landed only 200 yards from the crash. The other five were trapped in the cabin.

## 300,000 See Huge Parade In Pittsburgh

Pittsburgh, April 7.—(P)—The greatest mass of people ever assembled on the streets of the steel city reaffirmed their patriotism and loyalty to a nation at war in an Army Day celebration last night that was unparalleled throughout the nation.

An estimated 300,000 spectators cheered, whistled and sometimes surged into the line of 35,000 marchers swinging along to the stirring airs of nearly 100 bands and drum and bugle corps.

"It was the largest turnout I've ever seen," said Brigadier General Clarence R. Huebner, personal representative of President Roosevelt who reviewed the colorful display.

Confetti and torn bits of paper fluttered down from the tall buildings of the Golden Triangle as horns blared and bass drums boomed in the business district.

The four-hour parade was led (Turn to Page Seven)

## No Action on James Request

Harrisburg, April 7.—(P)—The house today virtually assured the start of a new parole system in Pennsylvania June 1 by ignoring a last-minute appeal of Governor James to postpone the effective date fixed by an act of 1941.

James wrote each member of the house asking reconsideration of his request for postponement until October, 1943, but no action was taken. The senate had approved the delay.

The governor asserted in his letter that Rep. Samuel M. Rosenfeld (D-Phila.), sponsor of the 1941 act and leading opponent of postponement, had a personal interest in the legislation because he had asked to be appointed to the new parole board. The five board members each are to receive \$10,000 annually.

Rep. Leo A. Achteman, Democratic floor leader, came to Rosenfeld's defense when the letter was read in the house last night in the Philadelphia's absence.

## 10,000 TO MARCH IN QUAKER CITY PARADE

Philadelphia, April 7.—(P)—The City of Brotherly Love—hard at work producing deadly weapons for war—winds up its Army Day celebration tonight with a display of armed might calculated to offset entirely its favorite nickname.

Twenty-six divisions of fighting men and defense workers—10,000 in all—with modern tanks, cannon and anti-aircraft guns, are scheduled to march through the central city in Philadelphia's first military parade of the new year.

## SUB ATTACKS IN ATLANTIC DROPPING OFF

Sec. Knox Says Reduction in Sinkings May Be Due to Protective Methods Used by Navy

### SITUATION IS SURVEYED

Washington, April 7.—(P)—Secretary of the Navy Knox reported today that German U-boat attacks on shipping along the United States Atlantic coast had dropped off considerably last week and that the drop might be due to protective methods recently employed by the navy.

Discussing the submarine situation at a press conference, Knox said that the navy's experience with U-boat raiders throughout the North Atlantic had shown that they operate in waves.

"In preparing your stories," he told reporters "it will be necessary to keep that fact in mind because that may be responsible for the decline in coastal attacks last week. On the other hand, the drop may be due to methods newly adopted."

The navy announced 14 submarine attacks in the western Atlantic and adjacent waters last week. Naval officials said, however, that only two of those, one tanker and a tug with large cargo actually had been attacked along the coast during last week. The other attacks occurred either prior to March 29 or else were in the Caribbean area which Knox's statement did not cover.

Latest figures on announced Atlantic coast shipping losses show 16 ships have been sunk since Pearl Harbor. These included 10 off the United States, 2 off Canada, 30 in the Caribbean sea, and four off South America.

Secretary Knox also disclosed at his press conference that the government has "under very careful study" the problem of operating the American merchant marine, "especially those ships on long voyages."

The secretary described methods of defense against submarines as:

Insistence that merchant ships travel in certain well-defined lanes along the coast.

Provision of safe harbors for ships to anchor at night.

Enlargement of air patrols.

## GOVERNMENT ACTS TO SEIZE ALUMINUM

Washington, April 7.—(P)—In its first requisitioning act to roundup idle aluminum stocks, the War Production Board has served papers on the J. Clem Kline and Son Company of Easton, Pa., for the seizure of 1,000 pounds of high-grade commercial aluminum ingot which the firm had refused to sell to the government at prices fixed by the WPB.

The WPB said "other cases are being studied" and it is expected that the requisitioning authority "would be invoked in a number of them."

## Active Period of Solicitation For Chest to Open April 27th

The active solicitation period of the 1942 Community Chest campaign will be held during the last week of April, from Monday, April 27 to Friday, May 1. H. D. Kopf, chairman of the appeal, announced today.

Report meetings will be held during this period daily at the Y. W. C. A.

This morning the Business Census Committee started in its work taking the employment survey of Warren. A group of fifteen individuals will work in this connection for the next several days, supplementing through direct personal contact the letter which Mr. Kopf mailed Saturday to the largest concerns in the borough. It is hoped by Mr. Kopf that this committee will meet with wholehearted response on the part of Warren employers and that they will be able to complete this important part of the preliminary work of the campaign within the next few days.

The first important pre-campaign meeting will be held on Thursday afternoon at 4:00 o'clock in the Y. W. C. A. It was announced. Letters of invitation will go in the mail this evening to members of the Chest board of directors and the members of the seven member agency boards of directors.

In commenting upon the purpose of this meeting Rev. E. Pinkney Wroth, president of the Chest said: "We are holding a meeting of our boards of directors of all the agencies to review with them the specific plans for the forthcoming campaign and to solicit their complete support behind Mr. Kopf who has generously agreed to act as chairman this year. We of the various boards are vitally interested in the success of the forthcoming appeal and through this meeting we will attempt to crystallize our thinking and to pledge our full support to Mr. Kopf in the conduct of this important community undertaking."

## SALARY BOOST FOR TEACHERS IS APPROVED

At the April meeting of the Warren borough school board, held last evening at the high school, a general salary increase for all teachers was approved, and other business of a routine nature discussed.

The salary increase, requested by teachers at the March meeting of the board, will amount to \$160 a year for grade school teachers and \$180 for high school instructors. However, if in either case the amount stated is less than 10 percent increase, the teachers will be given a 10 percent raise in pay.

Miss Frances Ekey, dental hygienist, in her report requested dental care for several children whose families were unable or had neglected to give them the treatment needed. After considerable discussion the board decided to have the work done but with a stipulation that no further assistance could be given to these children.

Superintendent John G. Rossman reported a continued decrease in enrollment in the borough schools, the total for February being 2,938.

He also reported that 83 have taken aviation correspondence courses in the past two years, with 78 having completed the courses. Permission was given to James Springer, high school instructor, for the planting of a thousand new trees by Hi-Y Club members on the academy lands, a project similar to one they undertook a year ago.

Permission was granted to Harry Summers, music supervisor, to take the high school band to Bradford on April 30 and Kane on May 1, with the local band to act as host to those groups on May 2.

A petition from students for excused absence on April 15, opening day of the trout fishing season, was denied by the board, it being pointed out that schools are expected to close on registration day, April 27, thus giving pupils an opportunity to go fishing.

Purchase of two books to be placed in the library in memory of Miss A. Bessie Johnson, principal of the Jefferson school for many years who died recently, was authorized. The books are "The Children's Anthology" by Will Lyon Phelps and "Pictures to Grow Up With" by Katherine Gibbons.

It was announced that a meeting will be held by the board next Tuesday at 5 p. m. for the purpose of electing a superintendent of schools for the ensuing four-year term.

It was reported that 169 students were out of school during March with German measles, four with whooping cough and two with scarlet fever.

Bills of \$627.82 were ordered paid. Those at the meeting included President W. F. Clinger, Ralph Brasington, Homer Mohr, Melvin G. Keller and Robert Mackay, directors; R. Pierson Eaton, solicitor, and Superintendent Rossman.

## Grange Notes

VALLEY MEETING Paul Moravek conducted the regular meeting of Valley Grange, when Howard Ristau resigned as overseer because of having enlisted in the United States Navy, and Steve Bobelak was named and installed in the office. The lecturer asked the home economics committee to be in charge of the program for the next meeting and it was decided to change that session from the 15th to the 22nd of April.

The conclude, the lecturer presented the following numbers for a pleasing program: Candlelighting service, Mrs. Henry Sword, Mrs. Margaret Brown and Mrs. Hartley Johnson; readings, Mrs. Sword, Mrs. Johnson, Paul Moravek, Steve Bobelak and Mrs. Griggs; contest, "The Tour"; stories told by several members.

**Swanson and Olsen Rites in Youngsville**

Youngsville, April 7.—A beautiful ceremony was solemnized in Saron Lutheran church at noon Saturday, when Rev. Wallace Johnson united in marriage Constance Amy Olsen, daughter of Mr. and Mrs. Iner Olsen, and Alton Frank Swanson, South Dayton, N. Y., son of Mr. and Mrs. Frank Swanson, of Jamestown, N. Y.

Queen Anne cap held the veil which complemented the bride's gown of white tulle and taffeta, her corsage was of white gardenias and she carried a small white Bible. She was given in marriage by her father and had as her matron of honor her sister, Mrs. Roy Darling, of Jamestown, with Miss Anne Willard, of Erie, as bridesmaid. Mrs. Darling wore peach moire taffeta and Miss Willard a frock of blue. Each had a matching Juliet cap and colonial bouquet of spring flowers.

Elmer Howard, of Jamestown, was best man for his brother-in-law, and ushers were the bride's brother, Carlton Olsen, of Youngsville, and Mr. Darling. Wedding music was played by Miss Norma Johnson.

Forty guests attending the wedding and reception at the Pittsfield Inn included Mrs. Earl Sanderson, Patty Samuelson, Mr. and Mrs. Ben Haglund, Mr. and Mrs. Jim Holmberg, Mrs. Edwin Shellick, Warren; Mrs. James Blackstrom, Bradford; Mr. and Mrs. George Heininger, Fairview; Mr. and Mrs. Edwin Olson, Doris Olson, Mrs. August Gannon, Buddy Gannon, Mrs. Edwin Runkquist, Erie; Mr. and Mrs. Conrad Johnson, Mr. and Mrs. Elmer Howard, Mr. and Mrs. Frank Swanson, Mr. and Mrs. Axel Swanson, Edna Johnson, Olga Olson, Yvonne Helson, Jamestown; Ruth Swanson, New York City.

After a wedding trip, Mr. and Mrs. Swanson will make their home in South Dayton.

**BOYS IN THE SERVICE**

Mr. and Mrs. Gerald Duell, Sr., of Russell, have just received word from their son, Gerald, Jr., that he has been accepted into the United States Navy following enlistment at Buffalo, N. Y., and has been sent to Rhode Island.

Pvt. Robert Pasco, formerly of Camp Shelby, Miss., spent the week-end with his parents, Mr. and Mrs. A. D. Pasco, of Akeley. He is now attending a mechanic school in Akron, Ohio.

Private Louis Vizza, who has been at Fort Belvoir, Va., has left for his new post at Fort Bragg, N. C., after spending a brief furlough with her parents, Mr. and Mrs. Louis Vizza, 312 Beech street.

Word has been received here that Private Fred J. Swanson, of Pleasant township, who is at Camp Livingston, La., has been promoted to the grade of corporal.

Santo Parise, who is in the U. S. Navy, is spending a ten day furlough with his parents, Mr. and Mrs. Gust Ztoupas, 300 Pennsylvania avenue, east.

**LEADERS' SESSION**

A 4-H local leaders' training meeting was held at the Y. M. C. A. last week and, while not all were able to be present, those in attendance report an interesting and helpful session. Miss Elsie Traebert, assistant state club leader, helped with the discussion of club work in general in 1942. Miss Lydia Tarrant, nutrition specialist from Pennsylvania State College, gave an excellent illustrated talk on that topic during the afternoon meeting.

Prior to the leaders' training period, several 4-H Clubs were organized and it is expected that others will follow very shortly.

**GROUP MEETINGS**

Home economics extension unit meetings are being held this week in Corydon, Chancellors Valley, Irvine, Starbrick, Rogers Mills and Triumph. At the last named place, the 4-H Club will meet following the extension session on Friday. Other group meetings scheduled include: Columbus 4-H, April 13; Stoneham extension unit, April 15; Glade extensionists April 16, with the Glade 4-H members meeting the same day with their leader, Mrs. Schultze.

Mrs. Thelma Prendergast, extension representative in the county, gave a talk on nutrition before last week's meeting of Garland P. T. A. members.

**BRADFORD SPEAKER AT D. A. R. MEETING**

Mrs. F. Dean Miller, member of the committee on approved schools and wife of the First Methodist minister of Bradford, will be the guest speaker for the General Joseph Warren Chapter, Daughters of the American Revolution, on Thursday.

The meeting will begin at 2:30 o'clock at the Y. W. C. A. activities building and a large attendance is hoped for. Mrs. Miller's talk will deal with approved schools and the Treble Quartet will sing a selection on the same theme. Tea will follow the business session and program.

**TRI-SORORITY DANCE IS HUGE SUCCESS**

A large number of the younger set enjoyed the annual Tri-Sorority dance at the Woman's Club last evening, dancing to the strains of Will Brydon's band from nine until one o'clock.

The three sororities sponsoring the affair, the Omega Phi Delta, Phi Zeta Chi and Sigma Tau Delta, had the auditorium prettily decorated with bright colors and Easter pictures, adding a gay atmosphere to an already gay dancing party.

**BIRTHDAY SURPRISE**

Mrs. Conrad Anderson, 11 Park street, North Warren, was pleasantly surprised Saturday evening when a group of friends called to help her celebrate her birthday anniversary. After an evening of five hundred prizes were awarded to Mr. and Mrs. Carl Werner for high scores and to Donald Hunter for low. At a late hour, a two course luncheon was served and Mrs. Anderson was presented with a lovely gift from her friends.

**START THAT GARDEN**  
From the activity noted in back yards and vacant  
lots there are indications that the Victory Garden Cam-  
paign is going over in a big way in Warren this sum-  
mer.

Many an American feels that he would like to have  
a definite part in the winning of the war, but doesn't  
know what he ought to try to do, even what he is cap-  
able of doing.

For such persons the arrival of balmy weather sug-  
gests this idea—plant a Victory Garden.

Food is going to have a lot to do with the outcome  
of the war. Indeed, it may reach the point where the  
side with enough food to supply its people will win.  
Don't fool yourself into thinking that we have more  
than enough food for our people and our Allies. The  
fact is that as matters stand, we have not. Indeed,  
latest confidential reports from Washington say that  
food rationing in the United States is very likely to  
start within a short time. That proves better than we  
can say just how serious is the food situation.

It isn't hard to plant a garden. There are many  
vacant lots in Warren and nearby communities, that  
would serve very well. Make arrangements with the  
owner to use one of them. Then, buy your seeds and  
get busy. It'll be more fun than you imagine, the work  
will be healthful and you'll be aiding at the same time  
to slap the Japs—and Herr Hitler.

Ed Johnson and his Victory Garden committee will  
be only too glad to assist in any way they can.

In the meantime, fill out one of those coupons ap-  
pearing daily in this paper and send it in to the com-  
mittee or this office.

**PRIMARY CAMPAIGN**  
If a wide open primary for elective office is an ef-  
fective sign of democracy, Pennsylvania can lay claim  
to that distinction with genuine modesty.

The final date for withdrawals found the Demo-  
crats with five candidates for the gubernatorial nom-  
ination and the Republicans with two, making it ap-  
pear that the most wide open primary this grand old  
state has ever witnessed has already been launched.

Republican candidates are Major General Edward  
Martin, who enters the campaign with the blessings of  
the so-called organization, and Senator James J. Davis,  
who already has a record of three victories over the  
organization.

The Democrats offer: F. Clair Ross, Auditor Gen-  
eral; Judge Ralph H. Smith, Dr. Luther A. Harr, Clar-  
ence P. Bowers and James J. Regan. The latter two  
being what may be considered as "Johnny Come Late-  
lies" in political circles in the state. Mr. Bowers is a  
Reading battery manufacturer, while Mr. Regan is a  
Montgomery county attorney.

The manner in which some of the candidates have  
already started lashing out at opponents is positive  
indication that there will be plenty of fireworks be-  
tween now and May 19th, which will probably leave  
scars in party ranks that will take a long time to heal.  
It's going to be a wide open primary campaign in every  
sense of the word, and perhaps after all it may serve  
to give citizens of the state something to think about  
once in a while other than the bloody conflict which has  
engulfed the world.

**"THREE-IN-ONE" PARADE**

Plans for a mammoth "three-in-one" parade next  
Wednesday evening at 7:15 o'clock, which will equal,  
if not surpass, in length and glitter the great NRA  
celebration of some years ago, are rapidly being com-  
pleted by the committee in charge, which already has  
assurances that all bands in Warren will turn out, as  
well as most of the school bands in the county.

It is the desire of those in charge that every organ-  
ization in the borough and county be represented in the  
parade, which is being promoted for the triple purpose  
of launching the "Pledge for Victory" campaign, the  
Warren county salvage drive, and also marking the  
local observance of Army Day.

Don't wait to be asked to participate. Just call the  
Chamber of Commerce or the Times-Mirror and enter  
your organization or business firm.

It's going to be one of the greatest ever. Don't  
miss it!

**T-H-O-U-G-H-T-S**

**Australian Gov't Ponders Minor Air-Raid Problem**

**WASHINGTON IN WARTIME**

**By JACK STINNETT**  
**WASHINGTON**—The capital in wartime:

There have been complaints, half serious, in my neighborhood, which is just a lazy man's stroll from the National Zoo, that all those wild animals and snakes would be worse than demolition bombs if they got loose in an air raid. The fears from the other side of Rock Creek Park, which is a little more populous, have been even more pronounced. The snakes (the zoo has one of the world's choicest nests of them), the inhabitants of the lion house, and the bars apparently worry nearby residents most.

If the precautions of the London Zoo, which has been blitzed many times, are adequate, the fears of our local citizenry are something of a laugh. In London, I'm told, the great zoo moved its pandas to the hinterlands (because they were so valuable); and their elephant herd, because if it stampeded, the pachyderms probably would kill themselves.

Here, without making any announcements to allay the neighborhood's fearful, Zoo Director William M. Mann has been taking some precautions. He has traded off his most poisonous reptiles—cobras, rattlesnakes, vipers, etc. The zoo is blacked out from dusk to dawn. The keepers and watchmen have guns that will stop anything from a guinea hen to a bull elephant.

Zoo men everywhere worry only about their charges' being killed in a blitz, not about their getting out. Any bomb close enough to blast the stone walls and iron bars that hold the ani-

mals inside would leave the more dangerous tenants in no condition to attack any one. Probably the worst thing that could happen to the zoo men would be for the monkeys to get loose. They are hard to catch.

**RISE** market: Agencies here that cater to collectors of autographs say that an autographed photo of Gen. Douglas MacArthur will bring \$50 to \$100. That makes an average of \$75, which, they say, is better than tops for any living celebrity.

**MAN ABOUT MANHATTAN**

**By GEORGE TUCKER**

**NEW YORK**—Katharine Cornell, who has three dachshunds, thinks dogs are important to an actress on tour.

"You have to exercise them, and that makes you get out and walk instead of remaining shut up in hotel rooms. As much as I've traveled, I think I know the parks of the country better than its hotels. I've walked in the principal parks of almost every major city in America, and I've often thought how worthwhile an article called 'By Their Parks Ye Shall Know Them,' would be. You can tell a lot about a city by the way it keeps its parks."

The three dachshunds were rolling about the floor, and Miss Cornell identified them as (1) the Old Man, (2) the Old Man's Son, (3) and the Old Man's New Wife. The Old Man didn't do much rolling. He lay in a relaxed heap and stared contentedly into Miss Cornell's face. The Old Man's Son soon found a comfortable spot at the foot of the divan upon which Miss Cornell was sitting. But the Old Man's Son's wife could not relax. She was excited and she voiced this excitement in intermittent staccatos of little yelps and cries.

I FOUND Miss Cornell in what she described as "an empty pocket." That is, she didn't know what was going to happen next. She had opened on the road in a play called "Rose Burke" which she planned to bring to New York. "But it never came alive," she said. "Somehow, it just wasn't there," so reluctantly, she gave up the idea of a Broadway opening. It isn't often—in fact, it hasn't happened more than once or twice since the days of "Little Women" that Katharine Cornell hasn't had her mind pretty definitely made up on what she is going to do next. She has always had a number of plays in mind. At the moment, there isn't a thing in sight she would like to do.

But if the play was a disappointment, the tour from which she has just returned was not altogether uneventful. . . . In San Francisco, for instance—she ran into—Pearl Harbor. The Japs struck without warning, and when the San Francisco blackout came it caught Miss Cornell in bed. It was raining outside, and suddenly all hotel lights went out. She had to rise and dress in the dark, collect her three dogs, and make her way to the theater under conditions that seemed more like the second act of a melodrama than an interlude out of real life.

THAT night the 250 or so people who were near enough to get to the theater through the blackout participated in a little get-together with the Cornell company that was novel. The theater doors were thrown open and Miss Cornell asked them all to come down and sit in any seat they chose. They all crowded close to the stage, and then the curtain went up. "Those people were the finest audience I ever seen, and we gave one of our best performances. When it was over they cheered. It was something I will never forget."

## Now Is The Time to Start Planting Hardy Vegetables

Hardy vegetables, such as onions, peas, and spinach, now may be planted as soon as the soil can be prepared in all except the higher altitudes of Pennsylvania, states E. W. Johnson, chairman of the Warren County Victory Garden Advisory Committee.

It was further added, however, that soil preparation should not be undertaken until the soil is sufficiently dry that it may be worked until the soil is sufficiently dry that it may be crumbled readily after being compressed in the hands. If soil is worked when it is so moist that it adheres to a spade or hoe, or sticks together after being packed, it will become hard and lumpy on drying, and its productivity will be seriously reduced.

Manure usually is spread on the surface and is plowed or spaded under. Commercial fertilizer or lime also may be incorporated in the soil in the same way, or may be spread on the surface after plowing, and worked into the soil by harrowing or raking. A part of the fertilizer may be mixed with the soil in the bottom of the drill or hill when seeds are sown or plants are set, or this part of the fertilizer may be sown in at the bottom of drills or channels about two inches deep and two inches from the row.

Seeds and plants should have good contact with moist soil to start well. To obtain this, the soil above the sown seeds and that around the roots of plants should be well packed. Water may be applied advantageously to plants at the time of transplanting, and should be poured over the roots in the bottom of the hole in which the plant is set, rather than over the soil surface when the transplanting operation is completed.

It is not advisable to water seeds at the time of sowing, because a crust is likely to form, through which seedlings will have difficulty in coming up.

## ANSWERS TO WAR QUIZ

Questions on Page 4

1. The medal is the Order of the Purple Heart and is bestowed for any act of singularly meritorious service, or an act of extraordinary fidelity, or for wounds received in battle.
2. Mussert is a Dutch Quisling. He was the head of the Dutch Nazis and, therefore, a Hitler stooge.
3. Including some smaller islands, New Zealand comprises the North Island and the South Island, each about 500 miles in length.

Co-operating with the American Red Cross, the American College of Surgeons has urged its members to participate in the first aid program and to interest other physicians in the new undertaking.

## TIMES TOPICS

### CLEANING WALLPAPER

In an advertisement appearing elsewhere in this issue, Thomas Vetrie announces that he is again cleaning wallpaper and washing walls.

### INVESTIGATE THEFTS

Wholesale gasoline stealing from parked cars in the vicinity of the United Brethren church at Corry, extending over a period of several weeks, was being investigated by police yesterday following the discovery of three men in the act of siphoning motor fuel from cars near the church Sunday night. All three of the thieves escaped.

### THREE INJURED

Three persons were injured, one critically, when an automobile left the highway and crashed into a tree near Union City Sunday afternoon. The driver, Augustine Huffnagel, 64, is reported to have fallen asleep. With him in the car were his wife, aged 62, and the latter's mother, Mrs. Sarah E. Goodman, 77, of Venus. Mrs. Goodman was most seriously injured.

### ARRIVES HOME

Mrs. Mary Corah, Union street, has returned from Youngstown, O., where she has spent several days with relatives, including her son-in-law and daughter, Lieutenant and Mrs. M. E. Conti, who are the parents of a son, Martin Edward, Jr., born on April 2. Lt. Conti accompanied Mrs. Corah to Warren, en route to his new post at Norfolk, Va., to which he has been transferred from the Panama Canal Zone.

## INDIA Still Haggling Over Freedom While Japanese Move Nearer

This is populous Mother India. Even as she bickers with Britain over her future freedom, Japan threatens to take that freedom away. The enemy, now in India's Andaman Islands and reported at Akyab, Burma, is within air and sea reach of this vast land's long eastern coast.

These are India's leaders. Hindu, ex-Mahatma Gandhi turned over leadership of the Nationalist Congress Party to Nehru, but both have important voices in the discussions with Sir Stafford Cripps on dominion status and freedom. Mohamad Ali Jinnah represents the dissident Moslem minority.

Colombo (left), capital and chief port of Ceylon; and Calcutta.

These are India's most vulnerable ports. Colombo harbors one of the few remaining United Nations bases in the Indian Ocean. Calcutta is India's largest city and its eastern gateway.

Union delegates were called here to act on the national CIO's executive board recommendation that double-time wages for Sunday and holiday work be waived in response to suggestions from President Roosevelt and Donald M. Nelson, War Production Chief.

Acceptance of this was recommended by the auto union's board provided that time and a half were paid for work over eight hours a day or 40 hours a week, time and a half for a sixth consecutive day's work, and double time for a seventh.

The board recommended that the union reaffirm its pledge against strikes during the war, that the union increase war production "to the utmost by all means available," and that swing shifts be established for 24-hour, seven-day week operations.

(From Page One)  
able interest will be one composed of trucks which will be used in the county salvage drive. It is hoped that junior organizations in the Legion, Veterans of Foreign Wars, and other similar organizations will turn out, along with Boy and Girl Scouts, and Girl Reserves.

That there will be no hitch in the important function of forming the parade and getting it started on schedule was assured when an announcement was made that two experienced veterans in this particular activity have accepted assignments in the persons of Ben Kinnear and Kay Davis. Allen Gibson, chairman of the Warren County Defense Council, will be generalissimo.

Elsewhere in this issue will be found a coupon for the convenience of representatives of organizations and business firms who will want to enter marching delegations or floats. Those interested are urged to fill one out at once and mail it to the Chamber of Commerce.

This is a county-wide celebration, and it is hoped that every community will be represented in some manner. Don't delay for the time is short!

To assure county-wide representation on the committee and in the parade Chairman Pettit has appointed the following from rural communities: Sheffield, Frank Handyside; Youngville, Warren Kay; Clarendon, P. Howard Potts; Pittsford, H. E. Brooks; Sugar Grove, F. A. Schoonover; Tidouite, W. C. Tompsett; Russell, J. A. VanOrsdale. These members are reminded that they are invited to attend a meeting to be held in the C. of C. office Thursday at 4:30 o'clock.

Persons willing to furnish trucks to be used in collecting salvage are urged to contact the Chamber of Commerce or Chairman B. S. Knabenshue at his office in the Warren Bank and Trust Co. building.

### ONE IS KILLED WHEN FLYWHEEL BLOWS UP

Pittsburgh, April 7.—(P)—One steel worker was killed and another critically injured when a 20-horse flywheel, spinning at a high rate of speed, disintegrated in a Crucible Steel Company mill yesterday.

Big chunks of the wheel were thrown through the building, some of them demolishing an automobile block away and damaging another car. A 500-pound fragment crashed into the Kress Box Company a block away, menacing a dozen workmen and burying itself a foot deep in the concrete floor.

**FATALLY INJURED**  
Harry K. Flanders, 61, prominent Titusville real estate insurance agent who was struck by a truck at a street crossing there Saturday, died today in the Titusville hospital. Surviving are the widow and a brother, Frank H. Flanders, funeral director.

**MEN'S BROTHERHOOD**  
Rev. Roy Thelander, of Jamestown, N. Y., will be guest speaker at the meeting of St. Paul's Brotherhood at 7:30 p. m. Thursday. He has chosen for his topic "The Church in the Present Crisis" and all men of the church are urged to hear him.

**81 FINISH COURSE**  
There were 81 members in the standard first aid class which just completed its ten weeks of instruction at the First Presbyterian church, with Mrs. E. E. Koebly as instructor, and already a number of these are continuing the five lessons necessary for the advanced Red Cross course.

## Smith Opens Campaign At Erie Meeting

Judge Ralph H. Smith, candidate for the Democratic nomination for governor, accompanied by Ramsey Black, Fourth Assistant Postmaster General, and the candidate for the Lieutenant Governor nomination, and Warren K. Hess, of Reading, candidate for Secretary of Internal Affairs, are to open their primary campaign at Erie on Wednesday when they will spend the entire day at the Hotel Lawrence. Senator Joseph F. Guffey and Ralph M. Bashore, secretary of the primary campaign committee, will accompany the candidate.

The party candidates and Senator Guffey will meet with the county Democrats during the day.

## Motorists May Now Have Initials Put On Automobile Tires

A new service feature, which includes the placing of the owner's initials on automobile tires, has been inaugurated at the Times Square Super Service Station, it was announced today.

By means of a specially designed iron, the initials of the owner are burned into the tire, but in such a manner as not to harm the casing or reduce its length of service.

The new service feature also includes complete tire check-up, as well as check-up of ignition, battery, cooling system, etc., and is being offered at no cost to regular customers of the service station. A complete record of tire numbers is kept in the files of the station for the protection of the motorist.

The whole program, it was stated, is designed to increase the life of cars and tires and to keep them moving on the highways. It is sponsored by Firestone Tire and Rubber Company, with the cooperation of the Quaker States Oil Company.

and a series of conferences will be held at the Hotel Lawrence with primary campaign leaders for the ticket from Warren, Crawford, McKean, Mercer, Butler, Armstrong, Clarion, Forest, Elk, and Lawrence counties.

No formal campaign rally or meeting is planned for the appearance of the candidates at Erie Wednesday but a series of conferences will take up the day and evening during which final plans for the drive for the Smith-Black ticket in the northwestern portion of the state will be completed. Announcement of campaign chairmen for the various counties may result during the day.

## Council to Cooperate With Other Groups in Sponsoring First Local Victory Parade

At the regular April meeting of the Warren borough council, held last night at the municipal building, members voted unanimously to cooperate with the local committees making plans for a victory parade here on Wednesday evening, April 15.

President F. W. Waite was authorized to appoint a committee to act with other representatives and council approved the expenditure of not over \$100 for any necessary expenses.

President Waite today named William E. Rice chairman of this committee. Others on the committee are Robert H. Trusler and Jesse G. Smith.

Most of the business at the meeting was routine in nature, the session being one of the shortest in many months.

The street committee was authorized to spend not over \$250 for the purchase of tarvia paving material for repairing numerous streets in the borough.

Purchase of paint at a cost of not over \$490 for the Third and Fifth avenue bridges was authorized.

Chairman D. W. Lewis, of the new construction committee, reported that the Monroe street sanitary sewer has been completed and that work has been resumed on the South Side interceptor sewer.

Glenn E. Stone, chairman of the police committee, reported that examinations for a police officer had been given but said recommendations would be made later. He also reported that the purchase of a police car had been held up, due to priorities. There were 78 arrests.

during the month with \$93.75 in fines imposed. Collections from parking meters amounted to \$855.90.

Chairman Harold S. Hampson, of the fire committee, reported 13 calls during March, with total loss of \$204.75.

Three building permits were issued during the month for work to cost \$10,500. Collections from the borough scales amounted to \$20.80.

J. H. DeFrees, chairman of the park committee, reported the resignation of Carl Rogers as park commissioner and the appointment of Gilbert Reier. He also announced that the playgrounds would be open from one week following the closing of school to one week prior to the opening of school in the fall.

W. E. Rice, chairman of the airport committee, reported receipts by the borough for commissions and rent during March amounted to \$92.50.

Those present at the meeting included President F. W. Waite, R. M. Krebs, C. A. Miller, G. H. Kline, C. H. Rowland, W. E. Rice, W. R. Walsh, August Karlson, Jesse G. Smith, D. L. Baldensperger, G. E. Stone, D. W. Lewis, H. S. Hampson and R. H. Trusler. Others at the meeting included Burgess R. W. Steber, Solicitor S. D. Blackman, Secretary Marjorie L. Dougherty, Borough Engineer C. W. Barwis and Street Commissioner E. T. Beck.

## MISSIONARY FROM TITUSVILLE LANDS

New York, April 7.—(AP)—Five Pennsylvanians are among 22 Methodist missionaries who have arrived in San Francisco after an "anxious but satisfactory" trip from Malaya, the Board of Missions and Church Extension announced.

The group, evacuated from Malaya to Java before Singapore fell and later to Melbourne, included Dr. and Mrs. Raymond L. Archer, Pittsburgh, Carrie C. Kenyon, Connellsville, Mildred Kerr, Titusville, and Lois Rea, Linesville.

## Over Thirty Streams Get Legal Trout

(Turn to Page Eight)  
The Pennsylvania Fish Commission furnishes the thousands of legal size trout and the U. S. Fish and Wildlife Service supply fingerlings for the smaller streams. The Forest Service coordinates fish stocking work, protects the watersheds, plants fingerlings, and constructs improvements which now include a large trout rearing station on Farnsworth Creek in Warren County.

Invaluable assistance in this program is rendered by the organized sportsmen's clubs, whose members meet the fish trucks and see that the fish are properly placed in the streams. The general public shares in the benefits of the work done by sportsmen's organizations and these public agencies.

Is it too much to ask that you, too, cooperate? How? Simply by preventing fires. Good fishing, you know, depends upon good streams and good streams depend upon good land. Fires destroy good land. They are "Good Fishing's" worst enemy. May we count on your help in preventing them?

## Milk Mixture For Stomach Ulcers

A recent medical discovery now being used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of Lurin from their druggist. Lurin contains this new discovery in its purest form. Easy to take. Just mix two teaspoonfuls in a half glass of water or milk. Costs but little. Try a bottle. It must satisfy or money refunded. Lurin for sale by Miller Cut Rate and drug stores everywhere. (adv.)

This Spring

## plant a Victory Garden

protect your family's health by assuring plenty of wholesome fruits and vegetables

Because of huge demands for foodstuffs for our armed forces and for our Allies, some foods this year will be hard to get. Shortage of tin for cans will aggravate the situation. To make sure you have plenty of the right foods to serve your family, make plans to plant a garden this spring. Plant all the vegetables—corn, beans, peas, tomatoes, radishes, onions, beets, cabbage, carrots—you possibly can. Then you'll have plenty of fresh garden produce for your table through summer, and probably enough to preserve for fall and winter use.

In fact, with your modern gas range, you can do oven-canning—with less effort and time—making preserving of your fruits and vegetables a real family asset.

During World War I there was a food shortage in some lines, and millions of Americans planted gardens on little, unused tracts of land; the result was an avalanche of fresh foods with the vitamins and minerals needed for health.

The same thing—only bigger—is bound to happen this time. For nearly everyone has available some plot of ground which could be used to cultivate garden vegetables. It will help hold down your household food budget, give you fresh foods in season, help you store up healthful foods for the coming winter.

And it's one good way to help assure victory—by making each American family that much more self-sufficient!
